DESIGN AWARDS

Dean's List of Academic Performance (2018)

Presented by the University of Sydney for distinction average.

WooliesX Award for Design Excellence (2017) - User Experience Designer

An AI app prototype designed for children and parents to help them balance screen device usage in homes and life.

For more information visit:

www.housequest.co

Hackathon - Wunderman Biento (2017)

First Prize for a HSBC prototype idea aimed at millennials to save money but also have guilt free shopping!

Woolworths - People's Choice Award (2017) -Innovation

A lunchbox idea for school children. The children pick a main, fruit and veg packet and a dessert packet and place it into specially designed lunchboxes. *This idea is being tested at Mackerville Woolworths currently.

Vivid - University of Sydney (2015) -Animator

1st prize for the Light Installation Design of the Quadrangle at University of Sydney Vivid. We collaborated with Aboriginals, the science department and a music student to create an artwork ready for Aboriginal Reconciliation Week and the Vivid light show. (News Article: goo.gl/jq4g4V)

EDUCATION

2015-2017	University of Sydney Bachelor of Design Computing
-----------	---

PROFILE

I have recently graduated from the University of Sydney with a Bachelor in Design Computing. I love to re-design or create new user experiences for products and services which includes app and web prototypes. I am always looking for the next big challenge in life and love to learn new skills.
